Victory is located at No. 88 Feiyao South Road, National Economic and Technological Development Zone, Huai'an City, the hometown of Zhou Enlai, covering an area of 40,000 square meters and a construction area of 25,000 square meters.

Core Advantages

★Skilled Workers – Over 10 years of experience in key processes: branch pulling, branch tying, assembly, light adding, flocking, and more.

★R&D – A professional R&D team with strong innovation capabilities, integrating design, process consulting, and system data.

★Mechanical Automation – Equipped with automatic branch pulling machines, automatic branch tying machines, and an automated flocking room, forming a fully automated production line.

★Labor Cost – Advantageous labor costs with the ability to quickly organize worker teams.

★Supply Chain – Located in Jiangsu Province, a developed region of China, offering convenient transportation and a complete supply chain.
